TACT2 program

Therapeutic Aggression Control Techniques is a comprehensive crisis intervention program designed to help staff develop the skills and judgment to:

(1) Distinguish between true emotional crisis and functional, deliberate misbehavior.
(2) Avoid power struggles and anger traps.
(3) Better understand trauma-related behavior.
(4) Skillfully de-escalate emotional issues.
(5) Effectively manage deliberate misbehavior.
(6) Safely control dangerous situations.

"The program was well presented, fast paced, comprehensive and thorough. The verbal skills are necessary for any educator, administrator or clinician working in any school."
