TACT-2 program

Therapeutic Aggression Control Techniques is a comprehensive crisis intervention program designed to help staff develop the skills and judgment to:

(1) Distinguish between emotional crisis and deliberate misbehaviors.

(2) Skillfully de-escalate emotional issues and calmly manage deliberate problems.

(3) Safely control dangerous situations with safe escorts and restraints (requires full training).

"The value of the class is in how well you are prepared to not use a physical restraint, but to prevent one."

Jaimie Kassman, Director
McCann Treatment Center, Bethel, Alaska

Training of Trainers

TACT-2 trainer certification will prepare you as a TACT-2 instructor, providing everything you need to train your staff in this successful crisis intervention program.

A complete Trainer's Manual, trainer t-shirt, Power Point CD, ten (10) student workbooks, and reproducible tests and supplements are all included in the cost of the 2-day or 4-day registration.

"TACT-2 offers all professionals the necessary insights into student behavior and the requisite tools for safety in crisis situations."

Keith White, Director
High Road School Beltsville, MD
