TACT-2 program

Therapeutic Aggression Control Techniques is a comprehensive crisis intervention program designed to help staff develop the skills and judgment to:

- (1) Distinguish between emotional crisis and deliberate misbehaviors.
- (2) Skillfully de-escalate emotional issues and calmly manage deliberate problems.
- (3) Safely control dangerous situations with safe escorts and restraints (requires full training).

"The value of the class is in how well you are prepared to not use a physical restraint, but to prevent one."

Jaimie Kassman, Director
McCann Treatment Center, Bethel, Alaska

Training of Trainers

TACT-2 trainer certification will prepare you as a TACT-2 instructor, providing everything you need to train your staff in this successful crisis intervention program.

A complete Trainer's Manual, trainer t-shirt, Power Point CD, ten (10) student workbooks, and reproducible tests and supplements are all included in the cost of the 2-day or 4-day registration.
