TACT2 Program

Therapeutic Aggression Control Techniques now includes **new content regarding ACEs for youth and adults!** Our objectives are to help staff develop the skills and judgment to:

- (1) Distinguish between true emotional crisis and functional, deliberate misbehavior.
- (2) Avoid power struggles and anger traps.
- (3) Better understand trauma-related behavior.
- (4) Skillfully de-escalate emotional issues.
- (5) Effectively manage deliberate misbehavior.
- (6) Safely control dangerous situations.

“The training provided great examples on situations we deal with within our schools. It provides a hands-on approach when conquering these issues in our individual buildings.”

Ranston Chandler, Regional Director
Jacksonville, FL
